

## WATER WORKS PROBE RESUMED

Examiner W. E. Heck Convenes Court  
of Inquiry Thursday Morning in  
City Auditor's Office

Former Service Director Sidney B. Livingston, Who  
Was Ill During Examiner's First Visit, Called  
to the Witness Stand, But What He  
Didn't Know or Didn't Re-  
member Was a Plenty.

Desirous of securing further evidence in the water works probe, Examiner W. E. Heck returned to Newark Tuesday and immediately issued a subpoena for former Service Director Sid. B. Livingston. Mr. Livingston was ill during the long probe and was unable to appear in court.

The court of inquiry convened on Thursday morning at 9 o'clock, with Court Stenographer Cooper taking testimony and Mr. Livingston on the stand.

The witness said he served on the

service board two terms, from May, 1903, to January, 1906, and from January, 1908, to January, 1910.

His associates were Lamb, Wiley and Linke on the first board, and Taylor and Fitter on the second board.

Mr. Livingston was asked about the start made in the municipal water works and replied he thought it

was in 1901. He said L. K. Davis

was employed as engineer. He then

told of the contract with Davis, and

said Davis was to supervise the con-

struction of the plant until it was

finished. He said Davis was told of

the \$300,000 on hand for the build-

ing of the plant. He didn't remember

that plans were prepared in ex-

cess of \$200,000. Davis then pre-

pared plans to show what could be

done with the amount of money on

hand. The engineer was to get

\$600 upon completion of plans.

Witness again stated that he did

not remember that Davis drew up

plans to the amount of \$500,000. He

also failed to remember the first bid

letting or what the bids amounted

to.

Mr. Livingston was shown the

boards records and refreshed his

memory on some of the transac-

tions. The minutes showed that the

bids of Aug. 12, 1905, were rejected

owing to the fact that the bids were

far in excess of the bond issue.

Mr. Livingston was guarded in

his replies and wasn't sure that the

records were the same. "I wouldn't

swear that these records are the

records of the board," he said. "I didn't

keep the records, and while they

look all right, I don't know." Several

little verbal slips occurred between

Mr. Heck and Mr. Livingston.

The witness didn't remember

whether Davis did or did not bring

in plans in excess of \$100,000, but

later said that as the contracts were

not awarded, the plans must have

been in excess.

Asked why Davis was paid \$600

for the plans then, he replied that

he didn't remember. He didn't say

that Davis was paid the money. He

said he didn't know and he didn't

remember that he signed a voucher

for his pay.

Witness said he thought that there

were two contracts with Davis, and

the second was on a percentage basis.

Asked if Davis was to get \$2450

as per contract, Livingston said he

did not remember, neither did he

recall he percentage Davis was to

get under the second contract.

Asked why the first contract for

\$2450 was rescinded and other con-

tract for \$100,000 entered into, Livingston said in the first contract, the Mayor of Newark and the Board of Directors were

understood Davis was to furnish all

inspections, etc.

However, the contract of Dec. 1,

1905, did not say that Davis was to

inspect the pumps, and for this he

was to receive \$1000 in excess of his

per cent. The witness did not

seem sure as to what Davis was to

do. Asked if the second plans were

new ones, he said he didn't remember whether the second plans were

new ones or simply the first ones revised. Witness said he didn't remember much about the second set of plans. Asked as to the lowest bidder, he said the American Light & Water Co. was. Mr. Livingston said the board thought it advisable to let the contract to one man, instead of splitting the contract.

Asked if any "hearsay" was

brought to bear to report the con-

tractor, Mr. Livingston denied it. He

said Mr. Lamb per Mr. Newton never

said anything about it. Mr. Newton

was supposed to be in with the

old water works company, at least

that is what the people thought. He

said Mr. Newton never said anything to him about anything concerning

the board or its transactions. Asked

if he read the Advocate of Aug. 26,

He said he heard Davis had a patent on parts of the pump but he never heard that he was to get any sort of a royalty on any part of the Newark water works.

"Mr. Lamb and Mr. Taylor were pretty nearly the whole Board when they were president," Lexington said. He gave the impression that most "activities" were intended to be by the Board president, not the other members were not consulted on some matters. He said the president would do just about as he pleased in most matters.

Asked if Davis ever changed the plans after the contract was entered into and signed, he said he didn't know. He was asked if as a matter of fact over 900 cubic yards of concrete weren't put in on the abandoned site instead of 476, he said he didn't know.

He was then shown a letter from Davis to President Lamb and asked to read it. He said he didn't remember whether or not he had ever seen it.

He was asked if the Board made an altered or modified contract and he answered that he didn't remember when the \$225.15 was allowed for inspection. He said it was on the word of Mr. Davis. Other questions along this line were then taken up.

Examiner Heck is growing more

perturbed in his questions than he was

before and this is supposed to be on

the advice of the attorney general.

### EXAMINER HECK SUBMITS QUESTIONS TO ATTY. GENERAL

Examiner Heck has put in a great deal of time in getting his data together since leaving Newark, and in all 25 questions for settlement have been submitted to the attorney general as a result of the Newark probe.

Mr. Heck held court in Columbus Wednesday, and several Columbus men were examined in regards to matters pertaining to the Newark water works. Mr. W. C. Christian was a witness yesterday and he gave more testimony to the examiner.

### STUDENTS

#### JOIN IN THE CHASE FOR NEGRO WHO ASSAULTED A GIRL CLASSMATE.

Was Returning From School Through  
Railroad Cut When She Was  
Attacked.

Kansas City, Mo., March 10. Determined to avenge an attempted assault made on Miss Cora Downs, 17 years old, by an unidentified negro yesterday in Kansas City, Kan. 50 high school students, classmates of the girl, joined a sheriff's posse in a search for the fugitive last night. Many of the students are armed.

Miss Downs is a member of a prominent family. Her grandmother is Mrs. Cora M. Stockton, a noted Kansas writer, who assisted Mrs. Potter Palmer in conducting the women's department at the Chicago world's fair in 1893. Mrs. Stockton is seriously ill at a hospital and it is feared the shock caused by hearing of her grandchild's experience may prove fatal to her.

He was next asked if he was acquainted with land values in Newark after his 32 years residence here, and he said he wasn't exactly familiar with prices and values, but he said the land where the pump station is located would bring a good price, still he didn't think more than one-third of the tract would be good for building purposes. He thought the price was high, but Mr. Livingston said all the land surrounding the city's property was rated high.

He was also asked about the purchase of the land and he said he didn't know that Lamb bought the land after the Board wanted it, and he didn't know that Lamb was connected with any realty company. He said he didn't look into the matter to see if the title was valid or not, but the city's director informed the Board the title was all right.

He was also asked as to when the contract was to be completed, but he said he didn't remember just the time. The contract was shown him which showed that the contract would have to be completed in four months and 10 days. He didn't think the contract was reasonable, but he said the company said they would put on a big force of men and the work would be finished. He wasn't suspicious of the company for they furnished a bond and he knew the bond was good.

Asked if he dropped his overcoat, which may prove a clew to his identity, Mrs. Downs gave the alarm and a band of citizens soon began searching for the negro.

A negro was captured and brought

before Miss Downs. She could not

identify him and he was released.

### COL. J. L. CLEM ENDORSED BY SPANISH VETS

A new camp of United Spanish War Veterans will be mustered in at Zanesville tonight, by Col. Clifton H. Roebrough, deputy state mustering officer. Five forty ex-soldiers and sailors of different organizations who were in the war with Spain have asked for charter, a majority of whom served in Batteries C of the First Ohio Volunteer Light Artillery. Henry C. Gilfer, a member of Newark Camp No. 21, who served in Company G of the Seventh O. V. L. in the Spanish-American war, is chartering the camp.

At the same time an automobile was driven up at the side door and many sacks of gold coin were taken into the bank under police guard. This had a reassuring effect on the crowd, and many depositors left the line, leaving their money in the bank.

State Superintendent of Banks B. B. Seymour announced this morning that the bank was perfectly safe. The bank's trustees include many of the most influential citizens of Cleveland.

Cleveland, March 10.—The robbers continued their attack this afternoon, the line of depositors reaching nearly three blocks.

One woman is said to have lost \$900 soon after drawing it out, and her purse was snatched in the crowd.

### AUTO RUNS INTO SALOON.

Oakland, Calif., March 10.—Three men standing in a Broadway barroom were injured by a motor tyro automobile smashing into the place last night. Both the driver and the machine are injured.

### AVIATOR INJURED

San Francisco, March 10.—Aviator Loyle fatally injured to fall of a Biplane in which he was flying

who is serving a term in the Michigan city prison for stealing junk. The woman said that her son had been sentenced in 1906 from Marion county and she argued that he had paid sufficient penalty for his offense.

### CAZARINA, WHOSE CONDITION WAS REPORTED "VERY UNSATISFACTORY"

Washington, March 10.—Two American women were wounded by an Afghan fanatic who fired on a party of tourists visiting the Mosque Omar in Jerusalem, according to a dispatch received at the state department today from Consul Thomas R. Wallace. Miss Parker Moore, of Terre Haute, Ind., was seriously wounded, but will recover. Miss Natalie Maurice, of Mammoth Neck, N. Y., received a slight wound. No other Americans were wounded.

### LANGDON TAX BILL GOES OVER

Columbus, March 10.—Speaker Moore announced today that the Langdon tax commission bill, which was to have come up this afternoon, would be held over and made a special order for some time next week. The object of the postponement is to give the legislators a chance to think over the bill, especially in regard to its relation to the Cole excise law.

The Elson telephone bill, passed by the house Tuesday, is still the subject of keenest interest in both houses. Senators are anxious that the house shall reconsider the vote and kill the bill in order that they may not be called upon to face the lobby and the responsibility of making it a law.

The lobby, which had commenced to scatter after an evening's celebration of their victory, and some who had returned home, were summoned back.

Governor Harmon has made no statement regarding the passage of the bill by the house, but it is reported that he will veto it if the senate passes it.

The senate committee on taxation went on record today as favoring the appointment of members of the boards of review by some local authority, preferably the mayor, rather than by a state board. The matter was brought up when the Aldorf tax commission bill was under consideration. By an almost unanimous vote Senator Mendelson, of Cleveland, was instructed to draw up an amendment along this line.

Representative Evans, of Cuyahoga county, author of the woman's eight-hour bill, will offer an amendment to his bill that will extend the working time of women from 48 hours to 54 hours a week.

### STRIKERS

To Number of 10,000 Gathered at  
Ball Park, But Were Refused  
Admittance.

Philadelphia, March 10.—About 10,000 strikers gathered at the National League ball park this afternoon in answer to a call from the committee of ten to a mass meeting. President Horace Fogel refused to open the gates for the meeting. A great cordon of police kept the crowd in order.

The citizens of the city, fearing a state-wide strike, have called a mass meeting for tomorrow afternoon, when means of settling the strike will be discussed.

## In Woman's Realm

The members of the Miscellaneous Needworkers club will enjoy their annual banquet this evening in the parlors of the Plymouth Congregational church.

Mr. and Mrs. John W. Green of 539 Hudson avenue are today very quiet celebrating the fiftieth anniversary of their marriage and in remembrance of the occasion they have been the recipients of a number of beautiful gifts and many sincere congratulations. A family dinner at the home this evening will be the chief event of the day.

The engagement of Miss Alice Carey Keener to Mr. Raymond Cripps was announced in a novel way on Saturday afternoon when Miss Dolly Cripps, a sister of the groom, entertained with a kitchen shower for the bride-to-be. The wedding will be solemnized in April.

The dining table where a two course dinner was served, was artistically decorated with green and white and in a green and white basket suspended over the center of the table were tiny hearts to which were fastened green ribbons. When these were pulled by the guests the hearts were and to bear the announcement of the approaching nuptials.

The guests were Miss Alice Keener, Mesdames C. E. Wyeth, N. W. Cripps, A. S. Mitchell, H. J. Holcomb, Misses Nina Hawkins, Irene Bowden, Gladys and Grace Keener, and Miss Mary Hillier of Hanover.

The Wednesday afternoon Thimble club was pleasantly entertained by Mrs. F. M. Howard of Clinton street and an elaborate repast was served after the ladies had spent several hours in sewing. Besides the members of the club, Mrs. Howard's guests were Mrs. Will Boggs, Mrs. P.

SALUBRIOUS  
SALUTATIONSWhen old time Republican war horses meet these days they greet each other thus: "Good morning, my *g. o. p. friend* have you been renounced yet in a letter from the White House to Mr. Davis?"And when Republican members of the legislature look at the "party measures" on the calendar they say to themselves "there you been renounced yet in *Brother Charles' paper*?"

It's almost enough to cause the leaders to allow the thousands of disgruntled Republicans into the Harmon camp in search of harmony worth having.

Addressing Ohio editors assembled at Newark, Governor Harmon complimented the fairness and courtesy of the Republican press of the state and ventured the opinion that if he is again a candidate the editors opposed to him will fight fair and "not hit him below the belt." Most of the Republican papers of the state deserve this compliment. There are a few, however, to which it will hardly apply. These few are apparently controlled by the same powers which pull the strings on certain Republican legislators—Sandusky Star-Journal.

## WHAT HITCHCOCK EXPECTS.

When Postmaster General Hitchcock, the "strong" chairman in his capacity as chairman of the National Republican committee, signed over the appeal of the Ohio bill, he discredited it as a necessary financial assistance. It was explained that he will seek no share of the credit for a Republican victory in Ohio this fall and by the same token, is willing to let the bill pass.

be absolved from any degree of responsibility for a defeat.

That shows what Hitchcock expects to hear from Ohio next November. He does not intend to get out over by his own steam roller, by running around with it in the state campaign in Ohio, but he does not think the steam roller can be run the wrong way, as well as toward.

WHAT WADE  
REALLY MEANT

When Wade, Davis' old "Dumbbell," as he is called, is asked to make his views perfectly clear, he means it means over the hill and me living. Wade has been getting his living over the hill, as I understand it, for a long time, so that he will have the right to have the money he has collected in that time. And when he says he means it so much so that he can't get it, he means it so much so that he can't get it.

## CURES PIMPLES QUICKLY.

Simple Remedy That Clears Skin  
Quickly of All Eruptions.

For several weeks past, W. A. Frazee &amp; Son have done the biggest business they ever had in any one article in selling Rosaria, the soap that has won so many friends in Newark.

It has been found to be an absolute cure not only for all minor skin troubles, such as pimples, black-heads, blemishes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, of even chronic eczema and salt sores. There has yet to be found any form of wound or disease affecting the skin or mucous membrane that Rosaria does not heal, and its action is so instantaneous that those who try it are simply delighted with its right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, W. A. Frazee &amp; Son will sell a liberal size jar for 25¢, larger size 50¢. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

If the skin disease is caused by impure blood or if the bowels are inactive, use Hoskara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

A very interesting meeting was held Wednesday afternoon at the Y. M. C. A. of the Mothers' Auxiliary. Quite a good turnout was present and there was every sign of interest with the address given by Dr. Fredon, University, Inc. There was some discussion and speech among the lines of the boys being too often indoctrinated by the parents. That things boys do at certain ages are perfectly natural and should be seen to by the parents. Several mothers were heard to repeat after the meeting that they always had thought they knew their boys better but that the address had opened their eyes to new thoughts, for they had never thought them to know more about him now than they did before.

## MAKING GOOD TIME.

Edward Payson Weston, the leader in pedestrian exercises, the unique distinction and satisfaction of knowing his native land from coast to coast, better than any other man alive. He recently walked from Mattoon to San Francisco. Mr. Weston is returning on foot, as usual. He reached Albion—quite several days ago and the entire town turned out to meet him, while continuous whistling by factories and locomotives added to the growing. The veteran walker makes 40 miles a day.

## SAVED a Soldier's Life.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Texas, than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed into a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For Coughs, Colds, La Grippe, Asthma, Hemorrhage, Hoarseness, Croup, Whooping Cough and Lung trouble, it's supreme. 50c., \$1.00, Trial bottle free. Guaranteed by F. D. Hall.

procession as it came under the lead of the most militant of militia captains from Hopewell and the southern part of the county. It invariably had that same martial band. Is the band dissolved? I have heard many strange noises since I have lived on this side of Manhattan, and much rare music too. I have heard, weird songs and tomtoes of Africa, listened to the tinkle of the guitar and the clink of the castanet in Spain; have listened to Tamburini and Patti and all the stars of operatic song; have held my breath before that wonderful power which is evoked out of sound by the German skill of Blaum, Bach, Mendelssohn, Schubert, Spohr, Mendelssohn and Schuman; have been entranced, if not mystified, by the transcendental genius of Wagner, translating out of the inner soul the myths of the past for the music of the future, and yet -- yet, give me the band of the Flint Ridge boys and their gallant captain. There was heart, soul and patriotism in it. It was enough to satisfy the sentiment, as it pleases the memory.

Men may come and go. Time with its chemistry changes even iron; the water drop in twenty years will wear away granite. These bodies of ours, more easily affected than iron and granite, change and go first. They suffer many vicissitudes, but the indestructible memory of twenty years ago in Old Licking will never die. I live in a town of twelve hundred thousand people, whose factories make the big shafts and engines which mate Neptune in his wildest tempest; but, after all, there is no stream, however small, like that which dances through the memory of early days; no enterprise so interesting as that which identifies one with early associations. Is there any thing dearer to my heart than those farmer homes, where the wooden latch fitted so easily to the touch or whose large fireplace glowed so cheerfully in the autumn nights, and whose big feather beds gave such delicious rest from the weariness of the political arena? It is not what is big, but what is dear; that is remembered."

The presentation of these books by Mrs. Cox, and the interest shown by Mrs. Sites are greatly appreciated by the trustees, the librarian and the patrons of the library. They are exceedingly well written and worthy of being read by the older residents of the county who knew Mr. Cox and have felt with him the things he describes, and by the younger readers, who, reading them, obtain an insight into the thoughts and feelings of the man and of those of his time. The library is open every day and the trustees and librarians invite all who may be interested to see and read these rare volumes.

**DRUM CORPS  
TRANSFERRED  
TO SONS OF VETS**

At a meeting in Grand Army hall Monday evening the Lemont Post Drum Corps was transferred to the Sons of Veterans Corp. On Thursday evening, March 10, there will be another meeting and all members are requested to be present with their instruments. The changing of the management does not change the corps. It will remain the Lemont Post Corps, the Sons of Veterans hope that the corps will be as successful in the future as it has in the past. The boys have shown great ambition and willingness to do their part as far as they could. Owing to the bad weather there has been no drill for some time but from now on there will be a drill each week. The night school drill has not yet been decided but it probably will be decided Thursday.

Now boys, come and make this thing grand for both the management.

**An Edison Phonograph will surprise you**

The first time you hear it you will be surprised at its goodness. Everybody is—particularly the first time you hear the Edison Phonograph play an Amberol Record.

People who have heard Phonographs talked about, or who have heard them at a distance on the street, or who have heard some other make of sound-reproducing machine, do not realize the remarkable goodness of the Edison Phonograph.

This is partly due to the wonderful sapphire point which does not scratch or make any sound, and partly due to the wonderful Amberol Records which are so smooth and clear that they can reproduce the finest violin melody with all its natural sweetness.

This is the same instrument which plays and sings those musical comedy songs which everybody whistles.

The Edison Phonograph does everything and doesn't well. Is there any reason why you should not have one?

Granted Increase.

Some time ago the telegraph op-

erators of the Baltimore &amp; Ohio

system made application for an in-

crease of wage, and the outcome of

the committee's efforts has been

anxiously awaited. Wednesday morn-

ing the news was received that all the

operators employed in the "W. F."

offices, at the Baltimore &amp; Ohio depot

in this city, had been granted an in-

crease of \$1 per month.

Good Suggestion.

Some of our German-American ci-

zens have suggested that it would

be a fine thing if a reunion of all

veterans in this section, who served

in the army in Germany could be

held. There are enough of them in

Licking and surrounding counties to

form several battalions, and a meet-

ing of the old veterans of the Ger-

man-Prussian and other European war

would certainly be pleasing to the

veterans and their families.

# A SATISFIED OWNER IS THE BEST SALESMAN

An automobile, more than anything else, must stand on its own performance. The man who owns one is the best salesman—and he can tell the problem if it does not make good all promises. If you don't believe it look back over the past five years. Only those cars which stood up under the hardest work are alive today.

The E-M-F car has set a pace the others cannot follow. None other has the facilities, the manufacturing experience or the financial resources to enable them to create a car to give a service. They cannot produce as good a car for the same price—nor anywhere near it—not within 25 per cent at least.

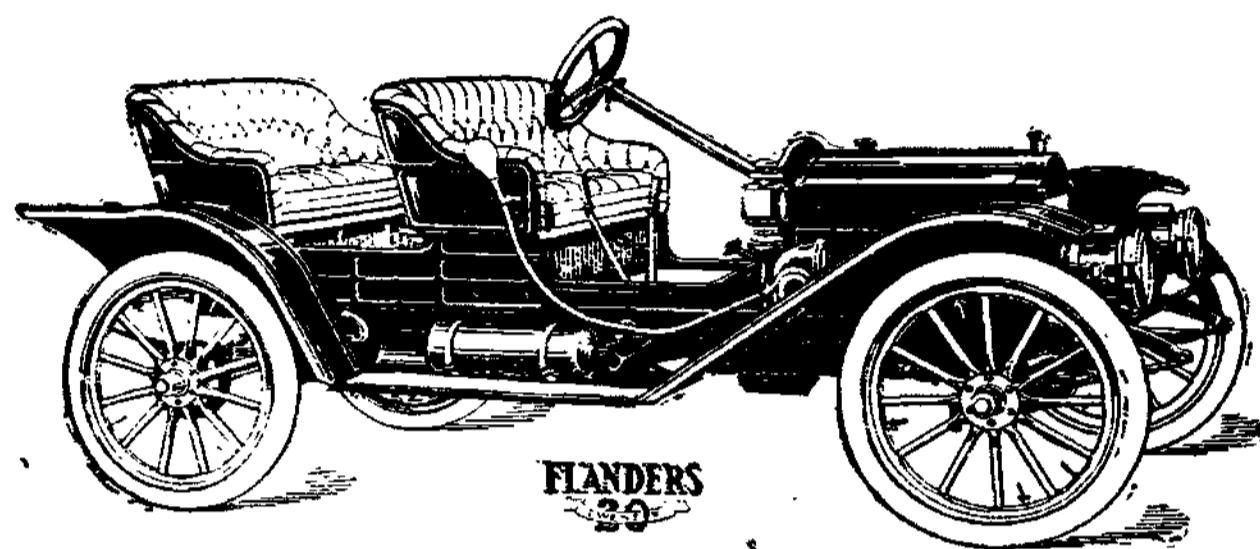

These are the considerations which, more than any others, should dictate what car you will buy. No other arguments can outweigh these in your mind—if you want a car that will give you continued service and one which will be a source of pleasure and of satisfaction for years to come.

The E-M-F 1910 Model is now being shipped. It differs very slightly from the 1909 Model, but those differences are important, for the few alterations made were all that hard service in the hands of thousands of users could indicate would be better.

It is not an assembled car—every part made in our own factories.

**Flanders 20**  
**30 Horse Power 4-Passenger Suburban Car**  
**\$790.00**

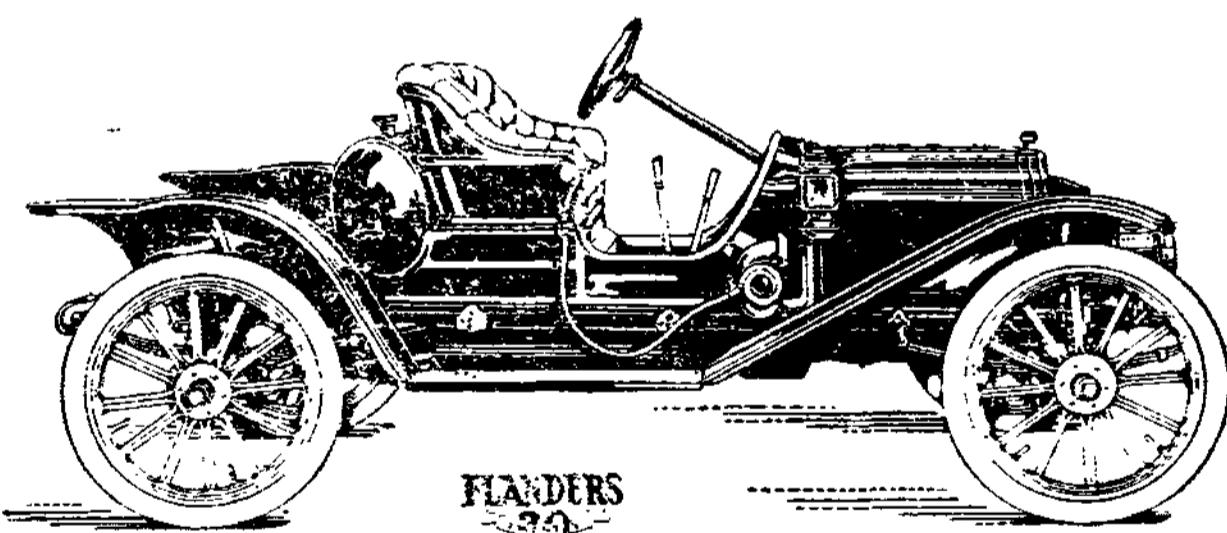

Greatest automobile value the world has ever seen. This car is almost identical with the E-M-F 30, only built on smaller lines. The magneto is a part of the equipment of all our cars.

Has 100 inch wheel base, carries 3x32 inch tires. A gallon of gasoline will run it from 29 to 32 miles, making it a very inexpensive car to operate.

**Flanders 20 Runabout \$750**

Exactly like the Flanders 20 Suburban, with seating capacity for two—plenty of room at the back for carrying luggage, etc.

**Flanders 20 Racy Roadster \$790**

A very classy car for doctors, or any one wanting a two passenger car. Its make-up is identical with the Flanders Suburban.

No journey is too long or too rough to be undertaken by the E-M-F car. It was a pace maker in the Glidden tour, making 1800 miles without any stop of any kind. To show that the company is not afraid to subject their car to any kind of circumstances or conditions, they have offered to transport Roosevelt and his party along the Nile, starting from Khartoum, for 1500 miles through the desert to Cairo.

Read carefully and investigate carefully every other machine and you will buy an E-M-F. Stop to consider that if a company of men, such a character as J. Pierpont Morgan at their head, are willing to invest five million dollars to secure the entire control of the manufacturer of this machine, and retain all the old employees, it must mean something. Mr. Flanders, in his statement of his contract, "We will do, and all cast members treated the same as before." The E-M-F goes \$1250 as the equal, if not superior, of every car selling at \$1800 and \$2000.

If you expect to get an automobile this year you must get it by October. We retain the agency for the E. M. F. Cars and Electric Traction Company. We also

We also carry a complete line of supplies, tools, supplies, etc., for repairing and every thing pertaining to the automobile business.

## MUST TAKE OUT NEW AUTO TAGS AT ONCE

A few days ago Chief Zergel received a communication from the Secretary of State concerning the new auto tags. It seems that complaints were received by the Secretary of State from over 1000 of machines that he had registered with the state. Chief Zergel has been asked to see the law enforcement officers to see the absence of the new tags in the Bureau office. Not only are the officers required to bear their uniforms, but they are required to be dressed in full uniform of the auto. Chief Zergel has requested the police officers to see the reason for machines not having tags and the result has been that quite a number of definite cases have been discovered. The cases are such that they have made up a list of tags that have failed to receive them. The chief has written these facts in the case, and has sent a circular received in letter from H. C. Tracy, registrar of automobiles, in which he says that if any car is found in Newark he has made a note for the registration of his car and his tags have been stopped from him. So in case automobile owners do not display upon the front and rear of their machine the tags and/or parts as required by statute they are subject to arrest and may be fined for violating the automobile laws.

John O'Brien, drunk and belligerent on the street, faced the mayor in police court for disorderly conduct, and was sentenced to 20 days imprisonment in the County Jail. Officer Abbott is credited with the arrest.

John O. Gorman found a team of horses hitched to a hay wagon in the southern part of the city, about midnight Wednesday night. He brought the outfit up to Whitehead's livery stable, where it has been awaiting the call of the owner.

Mrs. Hatch, who lives on Thirteenth street, notified the police department Thursday morning that chicken thieves stole three live chickens from her Wednesday night. The matter is being looked into.

## AMUSEMENTS

### THE SOUL KISS

For those who went to witness the production of "The Soul Kiss" in the Orpheum yesterday evening, the meaning of the term "soul kiss" must have been very apparent, for while the relations were frequent and temporarily various shades, they could hardly be said to have such a marked distinction as to fulfill the expectations of the title.

The idea in the building of the relations to be in the securing for Maurice, a virgin in affluence who might be the partner in a solid kiss company of two, is the hint for the unknown. J. Lucifer Mephisto, a somewhat modest Satan, Suzuki, a model in love with Maurice, and Ketcham Short, of Wall street, became entangled. Suzuki has never been kissed and she makes a wager with Mephisto that she can keep Maurice true to her for a year. If she wins, a million dollars and Maurice belong to her; if she loses, both she and Maurice belong to J. Lucifer Mephisto. But here enter the Americans; he wins the love of Suzuki. Maurice falls in love with a dancer, an accomplice of Mephisto, and the wager is about to go to the latter, when the American

boobs up serenely with the idea that as Mephisto has never been in love, should be now, since his power would end, and Ketcham Short successfully finds Mr. J. Lucifer Mephisto an ally.

The product can hardly be called a show, merely an assembling of some and some fair specimens, supplemented by elaborate statuary costumes. The created for Adelina, famous for her beauty and grace and made up last night by Miss P. was one of the few dancers ever seen here. She assumed last night the rôle of the great.

Ben Grinnell was a very clever actor, seemingly to his own satisfaction, of his majesty Maurice. He is a man of pleasing personality, his part is most always graceful.

At ease, Richard Bartlett as Ketcham Short is delightful in his rôle, and his scenes were all well rendered, he having a very pleasing voice.

As a comedian George B. Fox was exceptionally clever as Sol Stevens.

He is a joker, laughing for pleasure,

and he has many and varied expressions.

Constantine and Eva Mull are petite and charming subjects.

The whole result of the "Soul Kiss" is in the exceedingly clever dances, beautiful stage sets, one of which shows a view of New York from the top of the Singer building at night, tasteful costumes and pretty girls.

### ORPHEUM THEATRE

The Orpheum theatre is enjoying a good run of prosperity these days and the programs are getting better with each change. The promised headliner for the latter part of the week will be Wm. Hale & Brother in "Parlor Pastimes." Mr. Hale does stunts on a revolving chair that are wonderful. He is assisted by his brother and together they introduce juggling, comedy, tumbling and musical selections on the xylophone. Mr. Hale has achieved fame for his work in both this country and throughout Europe. Another topliner will be Marie Snowden, a very beautiful girl, lately one of the hits of Lew Field's production of "The Rose of Algeria." Miss Snowden is just beginning to be known in America, but she has established herself as a prima favorite at Der Wintergarten, Berlin. Miss Snowden will introduce her banjo solos along with her singing and dancing. The third feature of the bill is a travesty on "music," "The Second Mr. Fiddle," presented by those two laugh makers, Jap. Kettrow and Laerne Jansen. The sketch is very funny and the Orpheum patrons are bound to enjoy a good laugh after seeing it. Last, but not least, we have Alice Bennett, who presents a new and novel act in "The American Boy in Blue." Special scenes and effects are carried for this act. Tomorrow night the amateurs will hold forth and so far the following stars have come in, most of whom are new aspirants for Thespian honors, and include Russell Marshall, singing and dancing; Miss Tillia Jennings, a very pretty little singer; Floyd English, in female impersonations; Chas. Slattery, buck and wing dancing; Johns & Hall and Clark Ramon. Before tomorrow evening we expect to have many more on the list and no doubt it will be the best amateur contest of the season.
